

TILE & FLOOR CARE PAVING SEALER

DESCRIPTION:

Tile & Floor Care Paving Sealer is a special and uniquely formulated sealer designed to seal all types of paving (clay & concrete). Paving Sealer is a penetrating water based sealer that uses the best properties of silicones and acrylics to protect the paver from most stains. Paving Sealer penetrates the paver and therefore maintains the anti-slip and natural properties of the paver. Paving Sealer is D.I.Y. friendly as wash and seal applications can be used for interior and exterior applications.

Available in 1L, 5L & 25L
