

TILE & FLOOR CARE STONE COAT

DESCRIPTION:

Tile & Floor Care Stone Coat is a durable twin pack urethane sealer with extra stain resistance. Stone Coat penetrates and bonds with the tile thereby strengthening and protecting the tile from wear and tear and stains. Stone Coat is suitable for medium to high porosity tiles e.g. imported Terracotta, Sandstone and Cement tiles e.c.t. Stone Coat enhances the natural colour of the tile and dries to gloss/ sheen finish. Stone Coat is suitable for interior and exterior use.

Available in 1L & 5L
